➤ Membership

- Open to anyone that is interested
- 200 members
- Members include Vendors, Labs, Consultants, and Government

“The Cryptographic Module User Forum (CMUF) mission is to provide a voice and communications channel between the community of UNCLASSIFIED cryptographic module (CM) and UNCLASSIFIED cryptographic algorithm developers, vendors, test labs and other interested parties, and the various national, international, and multi-lateral organizational committees, schemes, and policy makers. In order to further the CMUF mission, our objectives are to improve and promote CM usage and resolution of issues and concerns ...”
